IDEAS FROM OUR TEAM ON HOW TO CREATE AN INTENTIONAL LEARNING EXPERIENCE!

Science

Waves & Their Applications in Technologies for information transfer:

A great way to prepare for your trip to DeSoto Caverns is by expressing the importance of light in our world and asking your students if they know where in "the world" there is complete darkness? This will prepare them for their experience of what we cannot see in total darkness!

Video Takeaways!:

We do not conduct the sound experiment on our tour shown in the 1.1 video due to our passion for the conservation of our formations. So the 1.1 video was done specially for you on our online videos!

Social Studies

Teaching about Categories of historic time!:

A great way of involving your classroom having them color through history! We have included several historical figures below. While they color, you could share stories about the different sort of world they would have lived in. What recreation would have been available and what inventions would be new or not yet developed.
