

Pre Visit Discussion Prompts

Before We Go: Kindergarten Discussion Prompts

Use these as a 5 minute circle time conversation.

1. What is a cavern?
What do you think it might look like inside?
2. What do good explorers do?
What does it mean to observe?
3. Let's make predictions.
What do you think we will see: water, rocks, formations, animals, big rooms?
4. How will we stay safe?
Walking feet, staying with the group, listening to the guide, gentle hands near nature.
5. What questions do we want to ask the guide?
Let students choose 1 question to "bring" to the field trip.

Optional student question starters

- Why does...
- How does...
- What is that...
- What happens if...
