

Explorer's Challenge

What Will You Discover?

Instructions for Scouts:

As you explore Majestic Caverns, pay attention to what you see, hear, and experience.

Try to answer these questions:

Cave Exploration

- What shapes or formations do you notice?

- Can you spot the difference between formations growing from the ceiling vs the ground?

- What do you think caused these formations to form over time?

Science in Action

- Where do you see evidence of water shaping the cave?

-
-
-
- Why do you think caves stay cooler than the outside air?

-
-
-
- What would happen if water stopped flowing through the cave?
-
-
-

History & Imagination

- What do you think this cave was used for hundreds or thousands of years ago?

-
-
-
- Why would people choose a cave for shelter or gathering?

-
-
-
- How do you think this space would have felt without lights?
-
-
-

Challenge & Adventure

- What part of today pushed you outside your comfort zone?
-

-
-
-
- What is something you tried that you've never done before?

-
-
-
- How did your team help you today?
-
-
-
-

Bonus Challenge

Find something:

✓ You didn't expect

✓ That surprised you

✓ That made you say "wow"

Be ready to share it later.
